

System@Law Quantum On-line spotlights comparative verdicts

Find Quantum in minutes with *System@Law* Quantum On-line

System@Law Quantum On-line helps you find current and relevant Queensland personal injury quantum decisions in a fraction of the usual time.

Quantum On-line lets you access the very latest decisions from your desktop and allows you to find meaningful quantum comparisons and cases that were once too difficult or time-consuming to find. Quantum On-line includes all Queensland quantum decisions that are published electronically. New cases are added weekly.

With Quantum On-line you can search on meaningful combinations of variables, including:

- * multiple injury keywords
- * percentage disability
- * plaintiff information
- * legal and medical practitioners
- * judge presiding
- * cases cited.

You can also use free-text searching to find matches for factors such as specific medical procedures or plaintiff characteristics.

Relevant case information is presented as a structured summary to assist you to identify easily and quickly all relevant factors.

With Quantum On-line, your search for Quantum is over.

System@Law Quantum:
